

# In-Person Learning Session in Partnership with WestEd Hosted by Merced County Office of Education

## Central Valley RTAC **COMMUNITY SCHOOLS**

### **PURPOSE**

This engaging session will equip participants with practical improvement science strategies designed to align with the California Community Schools Partnership Program (CCSPP) Capacity Building Strategies. Gain actionable insights and tools to build effective partnerships and drive sustainable, meaningful improvements within your school community as we dive into hands-on activities centered on data-informed decision-making and Plan-Do-Study-Act (PDSA) cycles.

### **WHO SHOULD ATTEND?**

New to improvement science or looking to elevate your practice? This session is crafted for maximum relevance and impact. Individuals are welcome, though participating as site-based pairs or small teams is recommended, including county office, district, site colleagues, and your community partners who are supporting the CCSPP.

## **Pathways to Success: Harnessing Improvement Science in Your Community School**

**April 7, 2025**
